THEY ARE GETTING BACK.

BUT, OH ! THE QUIETUDE OF THE RETURN FROM CHICAGO.

So Demurely the Republican Delegates Drop into Town and Distribute Their Little Commonplaces on the Ticket-A Bit of Enthusiasm to Be Engendered, in Possible, on Friday Evening.

Straggling back, much after the manner in which they departed, the delegates to the Republican Convention are returning from

When they left there was no harmony of purpose among them and no one seemed to have any idea of what they were going to do. Now that they have nominated Harrison there appears to be 10 united effort amon them to raise a grand whoop for their candidate. Instead of coming home in a body banners flying and the mot yelling, they are coming quietly back by twos, threes and half dozens, and

by twos, threes and half dozens, and demurely say, in response to the inquiry as to what they think of the ticket, that "It's a good one," or, "I think there's no doubt of our winning with it."

Dust-covered and fagged out, a portion of the Brooklyn delegation reached the Grand Central Depot at 10. 45 this morning. Among the arrivals were Michael J. Dady, delegate from the Fourth District; Henry A. Ashwell, Andrew P. Weinberg, Edward O. Pierce, Treasurer George Kenneth, of the State Republican League, and James Given.

Mr. Dady said that he was well satisfied with the result of the convention, and thought that the ticket was a winner.

One of the party said there was a great deal of enthusiasm manifested all along the route home, but it was remarkable in that it consisted almost entirely of cheers for James G. Blaine.

None of the big fellows, Depew, Platt or Hiscock, had arrived at noon, and it was thought at Mr. Depew's office that he would stop at his summer home at Peekskill to recuperate.

The corridors of the Fifth Avenue Hotal

The corridors of the Fifth Avenue Hotel are still awaiting the wanderers in the West, and the Morton House has not yet heard from Shed Shook, who was expected to-day with his party of Blaine shouters.

Among the first of the delegates to arrive were John J. O'Brien, Barney Rourke, Barney Biglin, Johnny Simpson, Frank Carroll and a few other downtown representatives, who came in on the limited express last night.

Each claimed to be well pleased with the nominations, but enthusiasm did not stick out all over them.

nominations, but enthusiasm did not stick out all over them.

Enthusiasm's what the Republicans lack in this campaign, and some gust be engendered. For that purpose, a grand ratification meeting will be held by them at the Metropolitan Opera-House, Friday night, under the auspices of the Republican Clubs.

Mr. Depew will tell why Harrisou will make a better President than he. William Walter Phelps will express his pleasure at Morion's getting the Vice-Presidential plum Congressman Reed, of Maine, will endeavor to conceal his disappointment at the shelvto conceal his disappointment at the shelving of his idol of the White Plume. Other speakers will be there to add their funers orations to the general jollification.

We have had two experiences and we know what organization means.

A little plain talk to those who have read Mr. O'Rellip's article is respectfully offered here, and I will begin by saying that the functions and acts of the telegraphers' organization have been criminal. Perhaps the statute does not read that way how, but it will some d. v.

The life of the hotel bell boy, or hall boy, as he is commonly called now, is not always the "posiest;" but his duties require a considerable degree of intelligence and knowledge of human nature, while to the one who "minds himself" the rewards are just as

minds himself" the rewards are just as great as in any other occupation.

Among the men who have juggled pitchers of ice water in their early days and have got to the "front" through a steadfast doggedness of honest purpose might be mentioned Seabrook Waddell, now the manager of Smith & McNell's hotel.

Sixteen years ago, he was "hoppin' bells" in that hotel and he's not a bit ashamed to tell of it now.

Sixteen years ago, he was "hoppin' bells" in that hotel and he's not a bit ashamed to tell of it now.

"Ed" Baxter, head hallman of the Hoffman House, and who sometimes takes the desk in a rush, is another of the boys who have risen. He is modest, always cleanshaven and accommodating, and, as one of his fellow-workers says, "one of the nicest boys in the country."

Another of the Hoffman attaches is "Pat" Wall. Years and years ago he used to sit on the bench with the boys and answer calls. He is the "entertainer" of that hostelry now, and has a remarkable faculty of sizing up the tastes of the different guests.

"Joe" Hord started in the hotel business when he was a wee lad in Cincinnati. Graduating from the ladies' door of the Burnett House, in that city, he found his way to New York, first putting up at the Gilsey. The Victoria has him now at the cashier's desk.

"Ben" Brown ham't forgotten the days when he used to carry other people's grips. He was once, also, a night watchman at the Gilsey, and from there climbed to the night clerkship at the Manhattan Beach Hotel.

Cornelius Eldridge, of the Sturtevant House, was years ago one of the bright-faced attaches of the old Hotel Brighton, at Forty-second street and Broadway. He is one of the pleasantest hard workers in the business, always with agenial smile and always believing in the real old-fashioned welcome.

The hundreds of others who have come up in the sametanks include many distinguished Bonifaces. John Devine, now the proprie or of the Long Beach Hotel, is one of them, and "Jim" Breslin, who didn't have much money when he first came from Troy, is another example for the young men who now wear the "buttons."

MISS MATHER'S MANAGER.

HE SAYS MARGARET WAS A GOOD GIRL BEFORE SHE MARRIED.

But That as Mrs. Haberkorn She Has Bee Full of Warfere-The Most Interesting Day of Her Suit Belore Judge Ingraham The Actress's Expressive Face an Gabella Blue Tallet.

Miss Margaret Mather's drawing powers are not limited to the theatre, for each day of the trial of her suit for a financial settlement and dissolution of her partnership with Manager James M. Hill has brought a larger number of people than could be seated in the Special Term Chamber of the Supreme Court, where Justice Ingraham is trying the

case as judge and jury. Judge Gildersleeve sat on the bench with Justice Ingraham this morning and a number of ladies were in the audience, but theatrical

people were scarce. Miss Mather was faultlessly attired in a complete street suit of Gobelin blue, from

complete street suit of Gobelin blue, from hat to boot tops.

She listened to the testimony of her manager, J M. Hill, with expressions of varying emotion. Her ripe red lips puckered now and then in exquisite poutings; her great, lustrous eyes widened in amazement, or became elliptical through frowns of displeasure which ruffled her smooth forehead. Her nose was occasionally tossed in the air contemptuously, and at times her exercise with her fan was too vigorous for this midsummer weather.

her fan was too vigorous for this midsummer weather.

Mr. Hill testified pointedly, and kept his temper, unruffled, intact. He said he would not admit that Miss Mather was his partner. He had said in the wings, when there was a good house, "Good business to-night, partner," but it was only a jocose expression.

Miss Mather once wanted to build a block and call it the "Hill & Mather," but he had declined.

He had never had any trouble with her while she was single, but as soon as she became Mrs. Emil Haberkorn the trouble began, and there had been nothing but trouble ever since.

He always showed her the books when she desired.

They had travelled 13,072 miles on this tour. They played a week at Mcmphis, and they were booked for one-night stands in other towns for every night. That week they lost \$250. Mr. Hill paid this out of his own pocket.

Ex-Judge Dittenhoefer cross-examined and called attention to the first contract, in which it was provided that Miss Mather might be dismissed at any time if she failed in her duties, to which Mr. Hill rejoined that Miss Mather was perfect until she married Haber-korn, and it had been a fight ever since.

Before she was married Mr. Hill paid all her bills, including those for books, board, sealskin sacques and diamonds. She married secretly, and he was very much astonished when he heard of it.

Haberkorn was with the company last season, and the expenses exceeded that of any previous season by \$200 a week.

Miss Mather fanned very hard here, and looked fondly upon her husband.

Mr. Hill acknowledged that Miss Mather or Haberborn never saw the vouchers, and only knew the results; whereon Miss Mather's expressive face said plainly and triumphantly.

"I thought so:"

Mr. Hill acknowledged a telegram to Miss Mather saying, "I have madela splendid investment for you," and said it referred to the purchase of the Columbia Theatre, and that investment was "an unfortunate mistake."

Miss Mather's face then expressed injury in perfection.

"Have you ever given Miss Mather tha

the question."
"Nor I either," ejaculated the Court, and

"Nor I either," ejaculated the Court, and the crowd laughed.

Mr. Hill said that not one week of the season of twelve weeks of "Romeo and Juliet" at the Union Square Theatre paid expenses. A little money was made in "Leah," and "The Honeymoon" was barely successful.

The telegram was produced in which Miss Mather is made to say that she is so satisfied with Manager Hill that when she cannot act under his management she would leave the stage, and Judge Dittenboefer asked: "Why did you keep the original of that despatch?"

"Because I was proud of it," breathed Mr. Hill, his lips compressed and his voice trembling, while moisture gathered in his eyes.

"No, but I used it for her advantage. I thought it would do her good from a business

Jump Into Central Park Lake. Mary Ann Winters, a good-looking and well dressed woman of sixty-four years, with hair as white as snow, was arraigned at the Yorkville Police Court before Justice Murray this morning on a charge of attempting suicide.

Close upon midnight last night the old lady leaped into the lower lake in Central Park, and finding the water too shallow for the purpose crawled up the bank, where she was found by Park Policeman Turpen, who removed her to the Presbyterian Hospital.

She told Justice Murray that she had been living with a married daughter in Academy street, Newark, and that her daughter had expressed a wish that she would go away and never come back.

though the bitter feeling against Soper has somewhat subsided. There are many who believe that he cannot be held accountable for his terrible crime.

Soper has been committed to the Suffolk County Jail at Riverhead to await the action of the Grand Jury. He occupies a cell on the same tier with Asbury Hawkins, who is to be hanged for the murder of his mother. When spoken to about the murder of little Frank Williams, Soper talks freely, but can assign no reason for the act. Grave doubts are entertained as to the murderer's sanity. A commission will probably be appointed to determine whether or not he is in his right mind. The funeral of the little boy takes place this afternoon from the Episcopal Church in Cold Spring.

SETH LOW'S REVOLT.

He Cannot Indorse the Republican Protection Plank.

Brooklyn's Ex-Mayor Goes Over to the Democracy.

in All-Absorbing Topic for the Political Circles To-Day-Mr. Low's Own Words on the Matter-Mayor Chapin's Comments on the Action of His Predecess McLaughlin, Murtha and Other Leaders Interviewed on This Interesting Conversion to Free Trade.

The announcement in THE WORLD this morning that ex-Mayor Seth Low, of Brooklyn, had repudiated the tariff plank in the Chicago platform and declared himself in favor of a reduction of the tariff and consequent freer trade, as proposed in the Demo-cratic platform, was an all-absorbing topic for conversation in political circles in New

York and Brooklyn to-day.

Mr. Low commends the ticket nominated at Chicago to all who believe in the principles of the Republican platform, but adds that he is utterly opposed to those principles.

The tariff issue, he says, is the chosen battle-ground of the two parties, and he prefers to stand on the Democratic side. He

fers to stand on the Democratic side. He says:

I believe, as Garfield did, in a protection which leads us towards free trade. The declaration of the Chicago platform is for a protection which works away from free trade. The chief line of chinges in the present tariff to which the party commits itself is to increase duties where any articles made at home are still imported. This, it seems to me, is entirely new ground for the Republican party; but, whether it is or not, the policy outlined in the platform is one in which I do not believe and on schalf of which I can make no fight. I do not desire to claim the privileges of party fellowship when I am unable to apport the party on the leading issue of the moment.

Mr. Low will send his resignation to the

leading issue of the moment.

Mr. Low will send his resignation to the First Ward Republican Club, to be read at the next meeting.

An Evantso Wonld reporter found Mayor Chapin at a meeting of the Board of Estimate in the Comptrolier's private office this foregon.

The Mayor had learned of Mr. Low's avowal and said he was not surprised, because he had expected that such men as the ex-Mayor, of keen foresight and good judgment, would, after considering the two political platforms, come over to the Democratic The hypocrisy of the Republican party in advocating what it calls protection for workingmen when its policy is little less than robbery from the laborers, is becoming more apparent day by day. The Mayor believes that Mr. Low's example will be tollowed by a host of other progressive young men.

The reporter next found "Boss" Mc-Laughlin wading through a mass of letters at his desk in Kerrigan's auction store, on Willoughby avenue, and handed him a clipping from The World in which Mr. Low's position was defined.

After reading the announcement Mr. Mc-

influence many other Republicans to vote for the Democratic ticket?" inquired the reporter.

"I have nothing to say on that question," replied Mr. McLaughiin, "I have no doubt that many Republicans will vote for the Democratic Presidential electors."

The reporter next called on Register Murtha at his private office.

"I believe the attitude of Mr. Low at this time is in line with the sentiment manifested by the young and progressive element of the Republican party, who disbelieve in that platform adopted at Chicago, especially the declaration that the party is for protection on the basis of protection only.

"By reason of Mr. Low's commanding position as a citizen and merchant, and his keen foresight into public affairs, his declaration in favor of the Democratic platform will insure a large following."

"Mr. Low is a member of the old-estabfirm of importers, A. A. Low & Co., of New York," continued Mr. Murtha.

"He was first brought prominently into politics in 1881, in the contest for the Mayoralty. The Republicans had nominated B. F. Tracy for Mayor. The Young Republican Club protested and Mr. Tracy withdrew and Low was nominated. He defeated James Howell, the Democratic nomines, by 3,000 majority. The asual Democratic majority in the city was 6,000.

"Many of the Young Republicans bolted Biane in 1884 and voted for Cleveland. Mr. Low, however, remained loyal to his party and voted for Blaine.

"In 1885 Mr. Low was renominated by his party without opposition and was elected by 1,800 majority over Joseph C. Hendrix."
